## PHILADELPHIA GUARANTEED ENERGY SAVINGS CONTRACT

This Philadelphia Guaranteed Energy Savings Contract (the "**Contract**") is made and entered into as of this \_\_\_\_\_ ("**Effective Date**") by and between the **PHILADELPHIA MUNICIPAL AUTHORITY**, a body politic and corporate existing under the laws of the Commonwealth of Pennsylvania ("PMA") and **NORESCO, LLC** (the "**Energy Services Company**" hereinafter referred to as "**ESCO**"), having its principal offices at One Research Drive, Suite 400C, Westborough, MA 01581.

### I. BACKGROUND

A. PMA is a body corporate and politic, organized under the provisions of the Pennsylvania Municipal Authorities Act of 1945 (the Act of May 2, 1945, P.L. 382, as amended), pursuant to ordinance of the Council of The City of Philadelphia.

B. The City of Philadelphia ("City") owns and operates, or leases and operates, the four (4) properties located at: (1) Broad St & Market St, Philadelphia, Pennsylvania 19107; (2) 1301 Filbert Street, Philadelphia, Pennsylvania 19107; (3) 1401 JFK Blvd, Philadelphia, Pennsylvania 19102; and (4) 1515 Arch Street, Philadelphia, Pennsylvania 19102 (respectively: City Hall, the Criminal Justice Center, the Municipal Services Building and the One Parkway Building; collectively referred to hereinafter as the "**Quadplex**" or the "**Premises**"); and is in need of Energy Conservation Measures ("**ECMs**") that include programs, facility alterations or upgrades designed to reduce energy, water, wastewater or other measurable consumption or operating costs at said Premises.

C. The City solicited proposals from qualified firms through issuance of the Request for Proposals ("**RFP**").

D. ESCO submitted a proposal, dated April 29, 2009 and set forth in (the "**Proposal**").

E. ESCO has made an assessment of the energy and water consumption characteristics of the Premises and pre-existing equipment described in **Schedule B (Description of Premises; Pre-Existing Equipment Inventory)**, which was delivered to the City as the Investment Grade Audit ("**IGA**") dated \_\_\_\_\_, and approved an accepted by the City as set forth in **Exhibit II (i) (Certificate of Acceptance—Investment Grade Audit)**.

D. The City determined that the energy conservation measures proposed and recommended by ESCO and described in the IGA, including certain energy and water cost saving equipment of the type or class described in **Schedule A (Selected ECMs to be Installed by ESCO)**, attached hereto and made part hereof, present an advantageous proposal and that it would be in the City's best interest to initiate contract

negotiations for a guaranteed energy savings contract with ESCO to implement one or more of such recommended measures.

E. The City initiated contract negotiations with ESCO which have concluded with this Contract and, on \_\_\_\_\_, PMA adopted a resolution authorizing the execution and delivery of this Contract.

F. By resolution dated \_\_\_\_\_, the Board of Directors of PMA authorized its Chairman to execute this Contract.

**NOW, THEREFORE**, in consideration of the mutual promises and covenants contained herein and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound hereby, the Parties hereto covenant and agree as follows:

ESCO or its assignee will have all legal and equitable rights and remedies to take possession of the Selected ECMs. Upon such termination, title to the Selected ECMs will revert to ESCO or its assignee.

6.2 If, on the thirtieth (30<sup>th</sup>) day after the commencement of any Fiscal Year, the City has not appropriated sufficient funds for the purpose of making all of the payments scheduled to be paid by the City to PMA in such Fiscal Year, PMA shall cause to be delivered written notice thereof (a "**Notice of Nonappropriation**") to ESCO within ten (10) days after such thirtieth (30<sup>th</sup>) day. Upon ESCO's receipt of a notice of nonappropriation, this Contract shall terminate, as of the end of the Fiscal Year just ended, with the exception that PMA shall make payment to ESCO within thirty days thereafter for all Work performed prior to ESCO's receipt of such Notice of Nonappropriation; provided, however, such termination shall not become effective as of the end of such Fiscal Year just ended if, within ten (10) days of the thirtieth (30<sup>th</sup>) day after the end of such Fiscal Year just completed, PMA delivers to ESCO a written statement to the effect that it reasonably expects sufficient funds for the then-current Fiscal Year to be appropriated therefore, and in such event the term shall continue into the then-current Fiscal year so long, but only so long, as an appropriation by the City becomes available from which to make the payments.

## **III. IMPLEMENTATION PHASE**

### **ARTICLE 7. ECM IMPLEMENTATION**

7.1 **General.** ESCO shall provide overall coordination, management, and responsibility for purchasing or providing all labor, materials, Equipment, software, tools, construction equipment and machinery, transportation and other facilities and services

necessary for design, installation and start-up of the Selected ECMs, and completion of the Work necessary to install and implement all of the Selected ECMs (collectively referred to as “**ECM Implementation**”), and shall assure that all Selected ECMs are installed in a good and workmanlike manner during the Implementation Period.

7.2 **Status and Authority of the Project Manager.** The Parties agree that the City’s Project Manager shall be responsible for the determination of final acceptance of the Work and Selected ECMs and will have the authority to issue Stop Work Orders and all other orders and directions contemplated under the Contract, determine the amount, quality, acceptability, and fitness of the several kinds of Work and materials which are to be paid for under the Contract, and reject all Work and materials which in his or her opinion do not conform to the requirements of the Contract; however, any disputes in regards to acceptance and any other matters raised in this Article 7.2 shall be resolved in the manner provided for by Article 28. The provisions of this Paragraph 7.2 are not intended to supersede or limit ESCO’s obligations under other provisions of this Contract or the Contract Documents.

7.2.1 **Design and Engineering Documents.** The ESCO assumes complete responsibility for the development of the Design and Engineering Documents that are necessary for the ECM Implementation. The ESCO covenants and agrees that all Design and Engineering Documents shall be accurate and free from any errors or omissions, shall be in compliance with and accurately reflect all Applicable Laws, and, where required by law, shall bear the stamp or seal of a professional architect or engineer licensed in the Commonwealth. All Design and Engineering Documents shall conform to the provisions of the Uniform Construction Code to the extent they are applicable to the Work.

7.2.2 **Design and Engineering Review.** The ESCO shall prepare and submit the Design and Engineering Documents for each of the Selected ECMs to the Project Manager for review prior to commencement of the Work. By preparing and submitting the Design and Engineering Documents, the ESCO represents that it has determined and verified materials, field measurements, and field construction criteria related thereto and has checked and coordinated the information contained within the Design and Engineering Documents for consistency with one another and the requirements of the Contract Documents. PMA shall review the Design and Engineering Documents and either approve, reject or approve in part or reject in part. Upon approval by PMA of the Design and Engineering Documents, as evidenced by PMA signing **Exhibit II(i) (Certificate of Acceptance – Investment Grade Audit)**, and so long as PMA has satisfied the provisions set forth in Section 4.2, PMA shall issue the Notice to Proceed. To the extent that PMA or the City rejects the Design and Engineering Documents or any portion thereof, and such rejection causes a change to the Contract Sum, the time for completion, the Guaranteed Savings or any other component of this Contract, there shall be an equitable adjustment made. Where the Parties disagree as to the appropriate equitable adjustment, the equitable adjustment may be determined in accordance with any remedies available to the Parties under this Contract.

7.2.3 **As-Built Documentation.** After the completion of the Work, the ESCO shall deliver an electronic copy of all As-Built Documentation to the Project Manager prior to the Acceptance Date. As-built documentation will become the sole property of the City for its unrestricted use. The acceptance of As-Built Documentation shall not relieve the ESCO of responsibility for the proper fit of the Work, nor for its completion pursuant the Contract. The As-built Documentation shall conform to the standards specified in **Exhibit VI (As-built Documentation Format)**.

7.3 **Construction and Installation.** Subject to other provisions of this Contract, ESCO will act as a general contractor, responsible for performing the Work, including but not limited to: (a) selecting Subcontractors in concert with the City; (b) awarding Subcontracts in accordance with **Exhibit IV (Economic Opportunity Plan)** as approved by the City and set forth in **Schedule O (City Approved Subcontractor List)** and notifying the City in writing of any changes in subcontractors prior to their selection and subcontract awards; (c) preparing and submitting all Design and Engineering Documents for review and approval by the City's Project Manager in accordance with **Paragraph 7.2.2 (Design and Engineering Review)**; (d) obtaining all necessary permits, licenses and approvals and coordination during installation in accordance with the provisions of **Articles 10 (Coordination and Construction Requirements)** and **33 (Compliance with Applicable Laws)**; (e) purchasing of Equipment, software and materials for the Selected ECMs; (f) installation and start-up of the Equipment, software and materials for the Selected ECMs' (g) progress inspections during installation; (h) developing and presenting subcontractor punch lists after each inspection; (i) receiving and evaluating record drawings and operation and maintenance manuals from Subcontractors; (j) training of City staff and service providers on proper operation and service of the newly installed Selected ECMs in accordance with the provisions of **Article 9 (Training by ESCO)**; and (k) requesting final inspection and recommendation for approval by the City.

7.3.1 **Implementation Schedule.** Construction and installation of all Selected ECMs shall proceed in accordance with the Implementation Schedule approved by City and attached hereto as **Schedule J (Implementation Schedule)**.

7.3.2 **Means and Methods.** The ESCO's means and methods for the performance of the Work must be those best adapted for the safe, efficient, and expeditious prosecution of the Work, with a minimum of interference to adjoining work sites, to adjoining properties, and to public traffic and convenience. The ESCO shall prosecute the Work vigorously, without delay, and with such workforces and equipment as is necessary to comply with the Implementation Schedule. The ESCO shall supervise and direct the Work, and ESCO shall be solely responsible for and have control over all construction means, methods, techniques, sequences and procedures and for coordinating all portions of its Work under this Contract. Before commencing the Work, the ESCO shall consult and cooperate with the Project Manager to determine mutually agreeable methods of prosecution of the Work, including the maintenance of both vehicular and pedestrian traffic; underpinning, bulkheading, shoring; sinking foundations; handling spoil; lighting; fencing; street surfaces; drainage; and all other

branches of its work operation. Such approval is intended to safeguard the City's interest, but such approval will not be deemed to relieve the ESCO of its obligation or responsibility for the safe and proper conduct of the Work. The ESCO shall at all times ensure that its work site, and its Subcontractor's personnel, while performing any part of the Work under this Contract, are and remain free of the influence of alcohol or illegal drugs. The ESCO shall at all times enforce good discipline and order among its employees, and shall not employ any unfit Person or anyone not skilled in the task assigned. Any contact by the ESCO or its employees with adjacent property owners, passing motorists or pedestrians, and the general public shall at all times be professional, courteous, and respectful.

**7.3.3 Change Orders.** The Project Manager may issue Change Orders if necessary to address an increase in the scope or cost of the Work arising from "**Concealed Conditions**" or other circumstances that were unforeseeable to the ESCO upon commencement of the Work. Changes to the Contract Sum and/or the Implementation Schedule will be allowed based upon a cost and schedule impact proposal submitted by the ESCO to the Project Manager and approved by both PMA and the City. The proposal shall detail the costs in substantially the same manner as is set forth in **Schedule D (ESCO Compensation and Payment Schedule)**, as well as any proposed changes to **Schedule J (Implementation Schedule)**. If such alterations or changes reduce the cost of the Work to the ESCO, the amount of such reduction shall be credited to PMA during the Implementation Period. Credit Change Orders will include the same mark-ups as chargeable Change Orders. The ESCO shall submit its cost proposal within twenty (20) days after the Project Manager gives notification to the ESCO that the change is permissible. Thereafter, a formal Change Order will be executed and signed by PMA reflecting all changes, including any changes to the Contract Sum and the Implementation Schedule.

**7.3.3.1** A Change Order negotiated, agreed to and executed by the Parties shall be deemed to cover all of the ESCO's costs associated with the change or alteration to the Work, as reflected in the Change Order, including all costs and expenses incurred by the ESCO for time, material, labor, and extended or field office or home office overhead. No loss of profit on account of any changes or alterations to the Work or on account of Work not executed or performed by the ESCO will be allowed, except that the ESCO may be entitled to an extension of time on account of changes or alterations to the Work. Mark-ups for Equipment and Subcontractors in the cost proposal for any Change Order shall not exceed the percentages set forth by the ESCO in **Schedule D (ESCO Compensation and Payment Schedule)**.

**7.3.3.2** The ESCO agrees and acknowledges that after a Change Order is negotiated, agreed to and executed by Parties, the Change Order shall operate as a full and complete waiver and release of any and all claims of the ESCO related to or arising out of such change or alteration, whether such change or alteration is considered individually or cumulatively, including, but not limited to, any claim by the ESCO for extended home office overhead, extended field office overhead, time-impact costs, schedule delay costs, acceleration costs, compression costs, loss of productivity

costs, extra work, additional work, and interference costs, or any combination of such costs.

7.3.4 **Correction of the Work.** The Parties agree that the Project Manager shall have the right and authority to reject Work which does not conform with the Contract Documents. The ESCO shall promptly correct any Work rejected by the City for failing to conform with the Contract Documents, whether observed before or after final acceptance by the City and whether or not the Selected ECM is fabricated, installed, or completed, and shall make such corrections in accordance with **Article 8 (Warranties)**. These provisions apply to Work done by Subcontractors as well as to Work done by direct employees of the ESCO.

7.3.4.1 **Stop Work Order.** If the ESCO fails to correct the Work, or any portion thereof, that is not in accordance with the Contract Documents or fails to carry out Work or provide information in accordance with the Contract Documents, and the ESCO, after receipt of written notice from the PMA or the City, either (i) has not cured such failure within ten (10) days or (ii) if the nature of the failure is such that it is not capable of cure within ten (10) days, has not reached agreement with PMA and the City for a plan to cure such failure or has not commenced and diligently and continuously pursued the cure of such failure in accordance with such plan within such ten (10) day period, then PMA or the City, by written order signed by PMA or the City or by an agent specifically so empowered by PMA or the City in writing, may order the ESCO to stop the Work ("**Stop Work Order**"), or any portion thereof, until the cause for such order has been eliminated or the ESCO has provided PMA and the City with a plan for corrective action acceptable to the City in its reasonable judgment. The right of the City to stop the Work shall not, however, give rise to a duty on the part of PMA or the City to exercise this right for the benefit of the ESCO or any other person or entity.

7.3.4.2 Nothing contained in this **Article 7 (ECM Implementation)** shall be construed to establish a period of limitation with respect to other obligations which the ESCO might have under the Contract Documents. Establishment of such time period as described in **Paragraph 7.3.4.1 (Stop Work Order)** relates only to the specific obligation of the ESCO to correct Work that does not conform with the Contract Documents, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the ESCO's liability with respect to the ESCO's obligations other than specifically to correct the nonconforming Work.

7.4 **Start-Up and Commissioning Plan.** To the extent detailed in **Schedule K (Start-Up and Commissioning Plan)**, the ESCO shall test each Selected ECM, and all component Equipment, and all parts of each Selected ECM. All such tests must be completed prior to final acceptance of the Selected ECMs by the City. The ESCO shall provide notice to the City of the scheduled test(s) and the City and/or its designees shall have the right to be present at any or all such tests conducted by ESCO and/or manufacturers of the Selected ECMs. The ESCO shall be responsible for correcting and/or adjusting all deficiencies in the operation of the Selected ECMs that may be

observed during system commissioning procedures described in **Schedule K (Start-Up and Commissioning Plan)**.

7.5 **Performance Bond/Construction Bond.** As provided by the Act of 1967, December 20, P.L. 869 (8 P.S. § 193, *et seq.*, as amended), ESCO shall at the time of execution of this Contract furnish to PMA and the City security for the faithful performance and completion of the Work and for compliance with the Contract in the form of a performance bond, with a surety company approved by PMA and the City, in a sum equal to 100% of the amount of the Contract Sum. In addition, as provided by the Act of 1967, December 20, P.L. 869 (8 P.S. § 193, as amended), the ESCO will be required at the time of execution of the Contract to give a payment bond, with a surety company approved by PMA and the City, in a sum one hundred percent (100%) of the amount of the Contract Sum, conditioned for the full payment of Subcontractors and others furnishing labor and materials in the performance of the Contract. The ESCO shall provide evidence of bonding in **Exhibit I (Performance Bond/Construction Bond)**, include evidence satisfactory to PMA and the City that the party issuing the bonds has the authority to bind the issuing surety company. If the ESCO fails to furnish and maintain such bonds, PMA or the City may purchase such bonds on behalf of the ESCO and the ESCO shall pay the cost thereof to PMA or the City upon demand. The payment and performance bonds shall expire on the Acceptance Date and shall not secure any obligations of ESCO during the Guarantee Period, including but not limited to ESCO obligation to achieve Guaranteed Savings, perform measurement and verification obligations or maintenance and service obligations.

## ARTICLE 8. WARRANTIES

8.1 **ESCO Warranty.** ESCO warrants that all Selected ECMs installed as part of this Contract are new, will be materially free from defects in materials or workmanship, will be installed properly in a good and workmanlike manner, and will function properly for a period of one (1) year from the Date of Substantial Completion of each Selected ECM within each building ("Warranty Period"). For purposes of this Article 8, "Substantial Completion" shall mean the date on which the Selected ECM is operating in accordance with manufacturer's intended use. Should any Selected ECM, or any component systems, Equipment or parts of any Selected ECM, be found to be defective within one (1) year from such date, ESCO agrees to repair such item or, if necessary, furnish and install, without charge, similar items to replace it; provided, however, that the original item is returned to ESCO and inspection by the manufacturer establishes the claim.

8.1.1 **Labor.** On all Selected ECMs installed pursuant to this Contract, ESCO shall provide, at no charge during the warranty period, any labor required to repair or replace any defective Selected ECM or any defective component Equipment, or parts of any Selected ECM. Such labor may include adjustment of controls, air balancing, correction of mechanical difficulties, or other reasonable adjustments if such adjustments are due to defective ECMs or improper installation.

8.1.2 **ECM Failure.** If any Selected ECM, or any Equipment or parts of any Selected ECM, fails to fulfill the guarantees made in this Article 8 during the warranty period, ESCO shall have a reasonable opportunity to make such changes as it deems necessary to fulfill such guarantees. If a demonstration is required, ESCO shall be given the opportunity to test the Selected ECM, or its component Equipment, parts, or systems under requisite conditions.

8.1.3 **Misc. Costs.** All shipping, transportation, or other miscellaneous costs involved in the repair or replacement of the defective Selected ECMs shall be paid by ESCO.

8.2. **Manufacturers' Warranties.** Prior to final acceptance of the Work and Selected ECMs by the City, the ESCO shall deliver two (2) original complete sets of all manufacturer's warranty certificates, guarantees, parts lists, and operating or maintenance literature applicable to Equipment, systems, fittings, and furnishings included in the Work for each Selected ECM to the Project Manager for inspection and approval. All manufacturers' warranties will either be issued in the first instance in the name and for the benefit of PJM and the City, or be in a freely assignable form and be assigned to PJM and the City without limitations. All warranties shall be transferable and extend to PJM and the City. The manufacturers' warranties are in addition to and not in lieu of the ESCO's Warranty provisions under **Paragraph 8.1 (ESCO Warranty)**, and PJM and the City are entitled to look to the ESCO for remedy in all cases where the ESCO's warranty applies regardless of whether a manufacturers' warranty also applies. In the event of a malfunction or improper or defective function of a Selected ECM, or other defect in parts, workmanship and performance, the ESCO agrees to the following, so long as a claim by PJM or the City for said malfunction or defect is made to ESCO within the Warranty Period: (a) pursue rights and remedies against manufacturer of the Selected ECM under the manufacturers' warranties where necessary; and (b) where discovered, notify the City whenever defects in Selected ECM performance occur which give rise to such rights and remedies and those rights and remedies are exercised by ESCO.

8.3 Notwithstanding the above, nothing in this Article shall be construed to alleviate/relieve the ESCO from complying with its obligations to perform under all terms and conditions of this Contract and as set forth in all attached Schedules.

## **ARTICLE 9. TRAINING BY ESCO**

The ESCO shall develop and conduct a training program, described in **Schedule M (ESCO's Training Responsibilities)** hereto, as necessary to provide City maintenance staff and service providers with the ability to comply with the terms of this Contract by maintaining system efficiencies during the Guarantee Period. This training program shall adequately prepare the City for the management of all ongoing services associated with the project, including: (a) managing the ongoing service of all Selected ECMs; (b) utilizing the ESCO's measurement and verification reports to maintain system

efficiencies; (c) transitioning of City staff or service providers; and (d) communicating any Material Changes to ESCO.

## **ARTICLE 10. COORDINATION AND CONSTRUCTION REQUIREMENTS**

10.1 **Coordination During Installation.** The ESCO shall have the duty to cooperate and coordinate with any other contractors on other work which is being performed concurrently on or adjacent to the Project Site, including specifically the City and its employees and agents, the Philadelphia Gas Works and the Philadelphia Water Department, or their contractors, or any other non-City utilities or authorities, and shall afford reasonable facilities and access to them. The Project Manager will decide any matters in dispute as to the performance of the Work, including access to the Project Site and priority of performance on either side of any division line between contiguous sections of the Project Site where the ESCO and another contractor each work.

10.2 **Maintenance of Traffic and Access to Buildings.** Traffic of all kinds shall be maintained continuously and access to buildings shall be provided for at all times, except where otherwise specifically permitted by this Contract, or where temporary interference is authorized by the Project Manager, in which case it shall be interrupted only for such time as is necessary to provide temporary substitutes for surfaces disturbed by the construction and to restore street and sidewalk surfaces after the completion of the Work. Suitable bridges or other means of access shall be built and maintained to permit owners and occupants to reach their premises. Where necessary, the ESCO shall maintain proper and easy means for passengers to enter or exit public transportation. Where partial occupation of the street is allowed, materials and equipment shall be so placed as to ensure a minimum of interference with traffic; no materials shall be placed on the sidewalk within one foot of the curb line, and a clear sidewalk passage not less than four (4) feet in width shall be maintained at all times. The Work shall be so conducted that annoyance to residents and interference with the normal use of the properties will be reduced to a minimum. The flow in gutters and inlets shall be maintained. When access to any adjacent property is temporarily cut off, owing to occupancy of the street by the ESCO or its Subcontractors, the ESCO shall render every assistance to the owner or occupant in handling materials of every description that must be delivered to or removed from such property, including recyclables, rubbish, and garbage, and such materials shall be taken to or from the nearest accessible point that, in the opinion of the Project Manager, is convenient for handling. No additional compensation will be allowed for the various items of expense above noted.

10.3 **Access to Fire Hydrants and Fire Alarm Boxes.** Fire hydrants shall be left at all times clear of obstructions and readily accessible to fire apparatus. No material or other obstructions shall be placed within ten (10) feet of a fire hydrant. Fire alarm boxes shall be supported and protected and maintained so as to be readily accessible and open to view. Excavation shall be decked or bridged, where necessary, to permit the safe passage of fire apparatus and to give access to fire hydrants and to adjacent buildings for the extinguishing of fires. Where necessary, branch pipes shall

be extended from the nozzles of the fire hydrants to the mains. Fire hydrants and any branch pipes shall be protected from freezing, and the fire hydrants (particularly the high pressure type) shall, where necessary, be braced or tied to the connecting pipes to prevent movement under water pressure.

10.4 **Danger Signals.** The ESCO, at ESCO's own expense, shall erect and maintain all necessary barricades, and danger signs and signals. The ESCO shall keep all necessary lights burning on the barricades, danger signals and signals from sunset until sunrise, and shall provide security personnel as necessary for the safety of the public. The ESCO shall observe such rules relative to signals and safeguards as the police regulations, harbor regulations, and other Applicable Laws require.

10.5 **Contract Identification Signs.** The ESCO shall, unless specified otherwise in writing by the Project Manager, at ESCO's own expense, erect and maintain in a prominent position upon the Project Site at a location approved by the Project Manager, a suitable sign, plainly lettered with the name and address of the ESCO, the character of the Work and the name of the Department under which the Contract is being carried out. No advertising matter other than the signs above noted shall be displayed on the Work.

10.6 **Safety and Sanitary Provisions.** The ESCO shall provide means and appliances and shall enforce suitable rules for the safe prosecution of the Work and for the safety and health of the work force employed on it. The completed portions of the Work shall be kept clean and in a sanitary condition. The ESCO shall provide and maintain properly secluded sanitary conveniences, in accordance with existing regulations of the Department of Public Health, for the use of ESCO's work force, and the ESCO shall strictly enforce the exclusive use of them by its work force.

10.7 **Storage Space.** Except as provided otherwise in Paragraph 18.4 below, buildings, yards, or sidings that may be required for the delivery or storage of materials shall be provided by and at the cost of the ESCO. The ESCO and its Subcontractors may not use streets for storing materials unless otherwise specifically authorized in writing by a permit issued by the City's Department of Streets. Upon request of the Project Manager, the ESCO shall furnish a copy of any agreement for the use of a property or building for construction purposes, except where owned by the ESCO.

10.8 **Hours.** Work shall be carried on with due regard to the comfort of, and so as to minimize any disturbance to, building occupants and nearby residents, and the methods to carry out such Work shall be subject to the approval of the Project Manager, who may, if conditions so require, order that no work be done during specific hours or in specific localities. The work force of the ESCO and its Subcontractors shall refrain from loud noises, calls, whistles, and the operation of air compressors, rock drills, riveting machinery, and blasting between the hours of 7:00 p.m. and 7:00 a.m. unless specifically permitted by the Project Manager. During occupied hours, the ESCO and its Subcontractors shall limit construction operations to methods and procedures that do not adversely and unduly effect the environment of occupied spaces within the

Premises, included, but not limited to creating noise, odors, air pollution, ambient discomfort, poor lighting, or power interruptions.

10.9 **Power and Light.** In developed portions of the City, and elsewhere when ordered by the Project Manager, the ESCO and its Subcontractors shall use either electric, compressed air or internal combustion engine power. When compressed internal combustion engines are used, the exhaust shall be muffled. None but electric lights shall be used in or under buildings.

10.10 **Use of Water.** Permission for the use of City water shall be obtained directly from the Philadelphia Water Department. Water may be obtained through a hydrant attachment or as otherwise as specified by the Project Manager. In all cases, ESCO and its Subcontractors shall obtain and use such water in accordance with regulations of the Water Department. No charge will be made for the use of water actually used for the construction work.

10.11 **Prevention of Dust and Smoke.** The ESCO and its Subcontractors shall keep the surface of the sidewalks and streets affected by its work, including decking and temporary paving, in a clean, neat condition. The ESCO and its Subcontractors shall sprinkle with water or otherwise treat the surface sufficiently to keep down any dust generated during the progress of work. Piles of dirt or other material shall not be left on the surface. The aforementioned requirements are not intended to take the place of the usual duties of the Department of Streets but to supplement them. No fires of any kind or burning of debris on the site or adjacent to it will be permitted; the debris shall be disposed of off the Project Site.

10.12 **Prevention of Air Pollution.** The ESCO and its Subcontractors shall comply strictly with the provisions of the Air Pollution Code (Title 3 of The Philadelphia Code).

10.13 **Work in Freezing Weather.** Masonry of all kinds, pointing, grouting, plastering, and other work subject to the action of frost shall not be done when exposed to freezing weather, except under conditions where the Project Manager may specifically direct or permit such work, subject to the heating of materials, the protection of finished work and such other measures as may be deemed necessary. If operations are suspended on account of freezing weather, the entire work shall be properly protected until the resumption of work is permitted. If a suspension of the work on account of freezing weather or from any other cause is necessary, the site shall be cleaned up, left in good order, and continuously maintained by the ESCO and its Subcontractors during the period of such suspension.

10.14 **Clean-up of Project Site.** ESCO and its Subcontractors shall remove all rubbish or refuse and all unused materials and tools from the Project Site daily, if required by the Project Manager, and as the Work progresses the ESCO shall carefully clean and keep the Project Site clean from any rubbish and refuse. The ESCO shall furnish to the Project Manager upon request all documentation regarding the proper

disposal of all rubbish, soil, refuse and other debris. ESCO acknowledges that the City will not approve the completion of the Work under the Contract until the Project Site and any other place or places affected by the Work have been thoroughly cleared of all construction and other debris and dust, and left clean, free from debris, and in as good condition as existed before the Work was begun. The ESCO shall resod or plant anew any grass plot or plots disturbed and replace any shrubbery destroyed. Structures shall be broom clean, free from stains, spots or other blemishes, and ready for use and all glass shall be washed. The clean-up work shall be governed by the record of existing conditions made and submitted to the Project Manager prior to the commencement of Work.

10.15 **Recycling.** The ESCO shall cooperate with any recycling program established for the Premises to the extent set forth in **Exhibit III (General Contract Requirements)**. Upon request by the Project Manager, the ESCO shall furnish information and documentation regarding the recycled content of the Equipment and materials used in the Selected ECMs and the amount of construction waste or other materials recycled by the ESCO during the Implementation Period.

## **ARTICLE 11. UPGRADING OR ALTERING THE ECMS**

11.1 **General.** ESCO shall at all times during the Implementation Period have the right, subject to the PMA's prior written approval, which approval shall not be unreasonably withheld, to change any Selected ECMs, or any component equipment, parts, software, or systems of any Selected ECMs, to revise any procedures for the operation of the Selected ECMs, or to implement any alternative ECMs on the Premises, provided that: (a) the ESCO complies with the standards of comfort and services set forth in **Article 15 (Standards of Comfort)** herein; (b) such modifications or additions to, or replacement of the Selected ECMs, and any operational changes, or new procedures are necessary to enable the ESCO to achieve the Guaranteed Savings at the Premises; and (c) any cost incurred relative to such modifications, additions or replacement of the Selected ECMs, or operational changes or new procedures shall be the responsibility of the ESCO.

11.2 All modifications, additions or replacements of the Selected ECMs or revisions to operating or other procedures made pursuant to Section 11.1 shall be described in a supplemental Schedule(s) to be provided to PMA by ESCO for approval, which shall not be unreasonably withheld, provided that any replacement of the Selected ECMs shall be new and have equal or better potential to reduce energy consumption at the Premises than the Selected ECMs being replaced. In making any such modifications, additions or replacements during the Implementation Period, the ESCO shall update at that time any and all software to be used in connection with the Selected ECMs. All replacements of and alterations or additions to the Selected ECMs shall become part of the Selected ECMs described in **Schedule A (Selected ECMs to be Installed by ESCO)** and shall be covered by the provisions and terms of **Article 7 (ECM Implementation)** so long as same are performed during the Implementation Period.

**ARTICLE 13. [Intentionally Left Blank]**

**[Remainder of Page Intentionally Left Blank]**

## IV. POST-IMPLEMENTATION PHASE

### ARTICLE 14. ECM SERVICE RESPONSIBILITIES

14.1 **General.** The Parties acknowledge and agree that the Guaranteed Savings set forth on **Schedule C (Energy Saving Guarantee)** cannot be realized and maintained unless certain ongoing procedures and methods of operation designed for energy conservation (collective known as “**ECM Service Responsibilities**”) are implemented and followed by the Parties and the City on a regular and continuous basis. The Parties further acknowledge and agree that PMA and the City are relying upon the ESCO’s skill, knowledge, professional training, and experience to develop a program for Selected ECM service that it can utilize to realize said Guaranteed Savings during the Guarantee Period.

14.2 **ESCO Responsibilities.** ESCO is responsible for all service, repairs, and adjustments to the Selected ECMs installed under terms of this Contract to the extent required in **Article 8 (Warranties)** and **Schedule Q (ESCO’s ECM Service Responsibilities)**, and for the training of all City maintenance staff and service providers pursuant to **Schedule M (ESCO’s Training Responsibilities)**.

14.3 **City Responsibilities.** The Parties agree that ESCO is not responsible for the City’s ECM Service Responsibilities as set forth in **Schedule R (City’s ECM Service Responsibilities)** of this Contract. PMA shall cause the City to be responsible for performing the items set forth in **Schedule R (City’s ECM Services Responsibilities)**. The failure of the City to meet its ECM Service Responsibilities as set forth in Schedule R of this Contract will relieve ESCO of any responsibility for any equipment breakdown, or any necessary repair or replacement of any equipment to the extent that such equipment breakdown or need for such repair or replacement is caused by the failure of the City to meet its ECM Service Responsibilities as set forth in Schedule R of this Contract. Where City fails to meet its obligations under Schedule R, an equitable adjustment shall be made to the Guaranteed Savings and any other contract provisions made necessary by such failure.

14.4. **ESCO Inspections.** Upon written request, PMA shall cause the City to make the Premises available for inspection by ESCO for the purpose of determining if City is complying or has complied with its ECM Service Responsibilities as set forth in **Schedule R (City’s ECM Service Responsibilities)**. For the purpose of determining City’s said compliance, the ESCO agrees to utilize the checklist set forth at **Schedule S (ECM Service Responsibilities Checklist)** during its inspections to measure and record the City’s said compliance. The Parties agree that PMA and the City shall have the right to witness each inspection and the recordations on the checklist. The ESCO agrees to provide PMA and the City with copies of all inspection documentation, including a copy of the completed checklist and any related reports or studies, within seven (7) days of the completion of each inspection.

## ARTICLE 15. STANDARDS OF COMFORT

During the Guarantee Period, PMA shall cause the City to maintain, according to **Schedule R (City's ECM Service Responsibilities)**, and operate, the Selected ECMs in a manner that will provide the standards of comfort and levels of operation as described in **Schedule L (Standards of Comfort)**.

## ARTICLE 16. MATERIAL CHANGES

16.1 **Material Change Defined:** A Material Change means any change in or to the Premises, whether structural, operational or otherwise in nature which reasonably could be expected to increase or decrease energy consumption in accordance with the provisions and procedures set forth in **Schedule E (Baseline Energy Consumption; Baseline Adjustments)** and **Schedule F (Measurement and Verification)** by at least ten percent (10%) in any single quarter of the Guarantee Period from that same quarter of the preceding year of the Guarantee Period, after adjustments for climatic variations ("**Material Change**"). Actions by the City that may result in a Material Change include but are not limited to the following:

- (a) Manner of use of the Premises by the City; or
- (b) Hours of operation for the Premises or for any Selected ECM or energy using systems operating at the Premises; or
- (c) Permanent changes in the comfort and service parameters set forth in **Article 15 (Standards of Comfort)**; or
- (d) Occupancy of the Premises; or
- (e) Structure of the Premises; or
- (f) Types and quantities of ECMs used at the Premises or
- (g) Modification, renovation or construction at the Premises; or
- (h) The City's failure to perform its ECM Service Responsibilities in accordance with **Schedule R (City's ECM Service Responsibilities)**; or
- (i) Any other conditions other than climate affecting energy use at the Premises.

16.2 **Reporting of Material Changes by City; Effect of Material Changes:** This Section 16.2 shall apply only where the Material Change will affect the calculations described and set forth in **Schedule E (Baseline Energy Consumption; Baseline Adjustments)** or **Schedule F (Measurement and Verification)**.

PMA shall cause the City to use its best efforts to deliver to the ESCO a written notice describing all actual or proposed Material Changes in the Premises or in the operations of the Premises at least ten (10) days before any actual or proposed Material Change is implemented or as soon as is practicable after an emergency or other unplanned event. Notice to the ESCO of Material Changes which result because of a bona fide emergency or other situation which precludes advance notification shall be deemed sufficient if given by PMA or the City within seventy-two (72) hours after having actual knowledge that the event constituting the Material Change occurred or was discovered by PMA or the City to have occurred.

Where there is a Material Change that affects the calculations described and set forth in **Schedule E (Baseline Energy Consumption; Baseline Adjustments)** and **Schedule F (Measurement and Verification)**, an equitable adjustment shall be made to the calculations described and set forth in same, which may include an equitable adjustment to the baseline and the Guaranteed Savings.

16.3 **Analysis of Material Changes:** Where there is a Material Change that does not affect the calculations described and set forth in **Schedule E (Baseline Energy Consumption; Baseline Adjustments)** or **Schedule F (Measurement and Verification)**, the ESCO agrees to perform an analysis of the Material Change and PMA agrees to compensate ESCO for such analysis as set forth in more detail in **Schedule D (ESCO Compensation and Payment Schedule)**.

## V. ADMINISTRATION

### ARTICLE 18. OWNERSHIP AND ACCESS

18.1 **Ownership of Certain Proprietary Property Rights.** Neither PMA nor the City shall, by virtue of this Contract, acquire any interest in any formulas, patterns, devices, secret inventions or processes, copyrights, patents, other intellectual or proprietary rights, or similar items of property which are or may be used in connection with the Selected ECMs. The ESCO shall grant to PMA and the City a perpetual, irrevocable royalty-free license for any and all software or other intellectual property rights necessary for PMA or the City to continue to operate, maintain, and repair the Selected ECMs in a manner that will yield maximal energy consumption reductions.

18.2 **Ownership of Existing Equipment.** Ownership of the equipment and materials presently existing at the Premises at the time of execution of this Contract shall remain the property of the City even if it is replaced or its operation made unnecessary by Work performed by ESCO pursuant to this Contract. If applicable, ESCO shall advise the City in writing of all equipment and materials to be replaced at the Premises and the City shall within ten (10) days designate in writing to the ESCO which equipment and materials that should not be disposed of off-site by the ESCO. PMA shall cause the City to be responsible for and designate the location and storage for any equipment and materials that should not be disposed of off-site.

18.3 **Ownership of New ECMs.** Upon installation of the Selected ECMs by ESCO, and upon final acceptance by the City as set forth in **Paragraph 4.3 (Acceptance Date)**, the PMA shall own the Selected ECMs.

18.4 **Access to the Premises.** Prior to commencement of the Work, the ESCO shall provide the Project Manager with a written description of the portions of the Premises for which it seeks access from the City for the installation and operation of the Selected ECMs. The Project Manager may approve or disapprove ESCO's access request, or suggest that the ESCO modify and resubmit a revised version for approval or disapproval. Upon approval of the ESCO's access request by the Project Manager, PMA shall cause the City to provide sufficient rent-free space on the Premises for the installation and operation of the Selected ECMs and to take reasonable steps to protect such Selected ECMs from harm, theft and misuse, as specified in the logistics plan. The ESCO shall confine its operations to the portions of the Premises approved by the City, and shall not unreasonably encumber the portions of the Premises used for Work with materials, equipment, or similar items. The ESCO and all Subcontractors shall only use such entrances to the Premises as are designated by the City. PMA shall cause the City to not unreasonably restrict the ESCO's access to Premises for the purpose of performing the Work or where emergency repairs or corrections as it may determine are needed.

### ARTICLE 19. INSURANCE

19.1 **Requirements.** Unless otherwise approved by the City's Risk Manager in writing, ESCO shall, at its sole cost and expense, procure and maintain, or cause to be procured and maintained, in full force and effect until the ESCO completes the Work under the Contract, the types and minimum limits of insurance specified below, covering the ESCO's performance of the Work required under the Contract. The ESCO shall procure, or cause to be procured, all insurance from reputable insurers admitted to do business on a direct basis in the Commonwealth or otherwise acceptable to the City. All insurance herein, except Professional Liability insurance, shall be written on an "occurrence" basis and not a "claims-made" basis. In no event shall the ESCO perform any work under the Contract until the ESCO has delivered or caused to be delivered to the City's Risk Management Division the required evidence of insurance coverages. If ESCO fails to obtain or maintain the required insurance, PMA shall have the right to treat such failure as a default under the Contract and to exercise all appropriate rights and remedies. ESCO shall provide written notice to PMA and the City in the event coverage is materially changed, cancelled, or non-renewed. Such written notice will be provided as soon as is practicable after receipt of notice of the change from ESCO's insurance carrier but in no event shall such notice be provided more than thirty (30) days after ESCO receives notice from its insurer. PMA, the City, and their officers, employees, and agents, shall be named as additional insureds on the General Liability Insurance policy, Automobile Liability Insurance policy, Builders Risk Insurance policy, and Umbrella Liability Insurance policy. ESCO shall also deliver or cause to be delivered to PMA and the City an endorsement stating that the coverage afforded the PMA, the City and their officers, employees and agents, as additional insureds, will be primary to any other coverage available to them. The insurance requirements set forth herein are not intended and shall not be construed to modify, limit, or reduce the indemnifications made in the Contract by the ESCO to PMA and the City or to limit ESCO's liability under this contract to the limits of the policies of insurance required to be maintained by the ESCO hereunder.

19.2 **Minimum Limits.** ESCO will be required to carry the following types of insurance with the minimum limits listed below:

- (a) **Workers Compensation and Employers Liability:**
  - (1) Workers Compensation: Statutory Limits.
  - (2) Employer's Liability: \$100,000 each accident—bodily injury by accident; \$100,000 each employee—bodily injury by disease; and \$500,000 policy limit—bodily injury by disease.
  - (3) Other states' coverage and Pennsylvania endorsement.
  
- (b) **General Liability Insurance:**
  - (1) Limit of Liability: \$1,000,000 per occurrence combined single limit for bodily injury (including death) and property damage liability; \$1,000,000 advertising injury; \$2,000,000 general aggregate and

\$1,000,000 aggregate for products and completed operations. The City may require higher limits of liability if, in the City's sole discretion, the potential risk so warrants.

- (2) Coverage: Premises operations; blanket contractual liability; personal injury liability (employee exclusion deleted); products and completed operations; independent consultants, contractors, employees and volunteers as additional insureds; cross liability; and broad form property damage (including completed operations).
- (c) **Automobile Liability Insurance:**
- (1) Limit of Liability: \$1,000,000 per occurrence combined single limit for bodily injury (including death) and property damage liability.
  - (2) Coverage: Owned, non-owned, and hired vehicles.
- (d) **Builder's Risk Insurance/Installation Floater:** During the entire period of any construction on the Premises, ESCO shall maintain "all risk" builder's risk insurance/installation floater in an amount equal to the Contract Sum as may be adjusted in accordance with the terms of this Contract.
- (e) **Professional Liability Insurance:**
- (1) Limit of Liability: \$1,000,000 with a deductible not to exceed \$50,000.
  - (2) Coverage: Errors and omissions including liability assumed under contract.
  - (3) Professional Liability Insurance may be written on a claims-made basis provided that coverage for occurrences happening during the performance of the Services required under the Contract shall be maintained in full force and effect under the policy or "tail" coverage for a period of at least two (2) years after completion of the Services.
- (f) **Umbrella Liability Insurance:** Limits totaling \$5,000,000.00 per occurrence when combined with insurance required under (1) Employer's Liability; (2) General Liability; and (3) Automobile Liability above.

19.3. **Submission of Certificates of Insurance.** Certificates of insurance evidencing the required coverages and additional insured endorsements must specifically reference the City contract Number for which they are being submitted. At least ten (10) days before work is to commence and at least ten (10) days before each renewal date, ESCO shall submit the original certificates of insurance to the PMA and the City's Division of Risk Management and copies of the certificates of insurance to the Project Manager. The ten (10) day requirement for advance documentation of insurance coverage may be waived in situations where such waiver will benefit the City, but under no circumstances shall ESCO actually begin work (or continue work, in the case of

renewal) without providing the required certificates of insurance and required endorsements. Wherever ESCO is required by law or the rules of civil procedure to produce any of the policies referenced in this Article, ESCO shall furnish the policies of insurance required to be in place under this Contract.

## **ARTICLE 20. INDEMNIFICATION**

20.1 ESCO agrees to indemnify and hold harmless PMA, the City and their officers, directors, agents employees and representatives from and against any and all claims, suits, demands, actions, liabilities, damages, losses, and/or expenses, including, without limitation, legal fees and court costs (collectively, "Claims"), relating to any and all bodily injury (including death) and/or damage to property, contamination, and/or adverse effect on the environment or as a result of the violation of the Applicable Laws, where such Claims arise in whole or in part from any act or omission of ESCO, its agents, contractors, subcontractors, employees, or invitees, in connection with the exercise of any right or performance of any obligation of ESCO under this Contract, except to the extent that such Claims are caused by PMA's or the City's intentional conduct or negligence, or as a result of a breach by PMA of any representation or agreement made in this Contract. ESCO's obligations set forth in this Article 20 are not and shall not be limited to the provision of any insurance policy maintained on behalf of ESCO or any Applicable Law, including without limitation, the Pennsylvania Worker's Compensation Act, as amended and currently codified in 77 P.S. § 1 *et seq.*

20.1.1 If any claim is brought against the PMA, the City, their officers, directors, agents, employees and representatives for which ESCO has indemnified the City, ESCO, shall upon written notice from PMA or the City, resist or defend such claim by use of counsel approved by PMA or the City in writing and such approval shall not be unreasonably withheld; provided that PMA's or the City's approval of counsel will not be required where the claim is resisted or defended by counsel of an insurance carrier obligated to resist or defend such claim and provided further that PMA and the City may engage their own counsel to participate in the defense of such claim and the ESCO shall reimburse the PMA's and City's costs therefore, so long as such costs are reasonable, if the City believes in its sole discretion that applicable insurance may be insufficient to satisfy the claim.

20.1.2 Without limiting the generality of **Article 19 (Insurance)** of this Contract, the provisions of this indemnification section, as they apply to occurrences or actual or contingent liabilities arising during the Contract Term, shall survive the expiration or earlier termination of this Contract.

20.2 **Patent, Copyright and Trademark Indemnity.** ESCO shall hold PMA and the City harmless from any suit or proceeding which may be brought by a third party against PMA or the City, their departments, officers or employees for the alleged infringement of any United States or foreign patents, copyrights, or trademarks, or for a

misappropriation of trade secrets arising out of performance of this Contract, including all of the Work, services, materials, reports, studies, and computer programs provided by ESCO, and in any such suit or proceeding will satisfy any final award for such infringement, including costs, except as otherwise described below. In no instance shall ESCO indemnify PMA or the City for their own negligence or intentional conduct giving rise to claims by third parties. PMA agrees to give ESCO prompt notice of any such claim of which it learns and to cause the City to give ESCO prompt notice of any such claims of which the City learns. PMA and the City may, however, in their sole discretion and under the terms they deems appropriate, delegate their rights of defense. If PMA or the City delegate the defense to the ESCO, PMA will cooperate and cause the City to cooperate with all reasonable requests of ESCO made in the defense of such suits. No settlement that prevents PMA or the City from continuing to use the items provided by ESCO shall be made without the PMA's and the City's prior written consent. In all events, PMA and the City shall have the right to participate in the defense of any such suit or proceeding through counsel of their own choosing. Where PMA or the City delegates the defense to ESCO and also chooses counsel, ESCO shall pay only those fees and costs of counsel as are reasonable. It is expressly agreed by ESCO that, in the event it requests that PMA or the City to provide support to ESCO in defending any such claim, ESCO shall reimburse PMA and the City for all expenses (including attorneys' fees, if such are made necessary by ESCO's request) incurred by PMA and the City for such support. If PMA or the City do not delegate the defense of the matter, ESCO's obligation to indemnify ceases. ESCO will, at its expense, provide whatever cooperation the City reasonably requests in the defense of the suit.

20.2.1 ESCO agrees to exercise reasonable due diligence to prevent claims of infringement on the rights of third parties. ESCO certifies that, in all respects applicable to this Contract, it has exercised and will continue to exercise due diligence to ensure that all works produced under this Contract do not infringe on the patents, copyrights, trademarks, trade secrets, or other proprietary interests of any kind which may be held by third parties. ESCO also agrees to certify that work produced for PMA and the City under this contract shall be free and clear from all claims of any nature.

20.2.2 If PMA or the City delegate defense of the suit to ESCO under 20.2, ESCO shall pay all damages and costs awarded therein against the PMA and the City. Attorney's fees and costs are addressed in 20.2. If PMA or the City at ESCO's written request furnishes information and assistance, it shall be at ESCO's expense, but the responsibility for such expense shall be only that within ESCO's written authorization.

20.2.3 If, in ESCO's opinion, the products, materials, reports, studies, or computer programs furnished hereunder are likely to or do become subject to a claim of infringement of a United States patent, copyright, or trademark, or for a misappropriation trade secret, then without diminishing ESCO's obligation to satisfy any final award, ESCO may, at its option and expense, substitute functional equivalents for the alleged infringing products, materials, reports, studies, or computer programs or, at

ESCO's option and expense, obtain the right for PMA and the City to continue the use of such products, materials, reports, studies, or computer programs.

20.2.4 If any of the products, materials, reports, studies, or computer programs provided by ESCO are in such suit or proceeding held to constitute infringement and the use or publication thereof is enjoined, ESCO shall, at its own expense and at its option, either procure the right to publish or continue use of such infringing products, materials, reports, studies, or computer programs, replace them with the non-infringing items, or modify them so that they are no longer infringing.

20.2.5 If ESCO is unable to do any of the items listed in 20.2.4, ESCO agrees to pay the PMA any amounts paid by PMA for such infringing items

20.2.6 The obligations of ESCO under this Article continue without time limit and survive the termination of this contract. In no event shall PMA's or the City's right to indemnification exist beyond the applicable statute of limitations imposed by law.

20.2.7 Notwithstanding the above, ESCO shall have no obligation for: (a) modification of any product, service, or deliverable provided by PMA or the City; (b) any material provided by PMA or the City to ESCO and incorporated into, or used to prepare, a product, service, or deliverable; (c) use of the product, service, or deliverable in other than its specified operating environment; (d) the combination, operation, or use of the product, service, or deliverable with other products, services, or deliverables not provided by ESCO as a system or the combination, operation, or use of the product, service, or deliverable, with any products, data, or apparatus that ESCO did not provide; (e) infringement of a non-ESCO product alone; (f) PMA's or the City's distribution, marketing or use beyond the scope contemplated by the Contract; and/or (g) PMA's or the City's failure to use corrections or enhancements made available to the City by ESCO at no charge.

20.2.8 The obligation to indemnify PMA and the City, under the terms of this Article, shall be ESCO's sole and exclusive obligation for the infringement or misappropriation of intellectual property.

## **ARTICLE 21. RISK OF LOSS**

Except as provided in **Article 8 (Warranties)**, **Article 19 (insurance)**, and **Article 20 (Indemnification)**, upon the City's final acceptance of the Work and Selected ECMs as specified in **Paragraph 4.3 (Acceptance Date)**, PMA assumes all risk of loss of or damage to the Selected ECMs from any cause whatsoever and no such loss of or damage to the Selected ECMs shall relieve PMA of the obligation to make payments or to perform any other obligation under this Contract. In the event of damage to any Selected ECMs, or any Equipment, parts or systems of the Selected ECMs, PMA or the City will immediately notify ESCO or its assignee. If PMA determines that the damaged Selected ECMs are repairable, and ESCO is not responsible for repair or replacement under this Contract, PMA may repair or cause the

City to repair the same. If the Parties determine that any of the Selected ECMs have been lost, stolen, destroyed, or damaged beyond repair, and ESCO is not responsible for repair or replacement under this Contract, then the Energy Savings Guarantee will be adjusted by mutual agreement to account for the losses associated with the Selected ECMs.

## **ARTICLE 22. SUBCONTRACTS**

22.1 PMA Review and Approval of Permitted Subcontractors. PMA shall have the right to approve all Subcontractors which the ESCO is permitted to engage under this Contract, such approval not to be unreasonably withheld, except that no approval shall be necessary for use of approved Subcontractors listed in Exhibit IV and Subcontractors hired by the ESCO for purposes of remedying an emergency situation. ESCO shall furnish PMA written notice of its intention to engage a Subcontractor not listed on Schedule O (City-Approved Subcontractor List), along with its proper entity name and address. In no event shall any Subcontract be awarded to any person debarred, suspended or disqualified from State, City or PMA contracting.

22.2. Subcontract Terms and Subcontractor Actions. The ESCO shall remain responsible for performance of the Work, regardless of any Work that may be subcontracted. No failure of any Subcontractor used by ESCO to perform the Work shall relieve the ESCO from its obligations hereunder to perform the Work, unless such failure, if experienced directly by ESCO, would be excused under the terms of this Contract, such as in the case of an Event as defined in Article 24 or PMA fault. ESCO shall be responsible for settling and resolving with all Subcontractors all claims arising out of delay, disruption, interference, hindrance, or schedule extension.

22.3 Subcontractor Claims. ESCO shall pay or cause to be paid to all Subcontractors all amounts due in accordance with their respective Subcontracts. No Subcontractor shall have any right against PMA or the City for labor, services, materials or equipment furnished for the City.

22.4. Assignability. All Subcontracts entered into by the ESCO with respect to the Premises shall be assignable to PMA, solely at PMA's election and without cost or penalty, upon the expiration or termination of this Contract.

## **ARTICLE 23. CASUALTY OR CONDEMNATION OF PREMISES**

Any construction or restoration of the Premises following or necessitated by fire, flood, or other casualty, or any condemnation affecting any portion of the Premises, shall be deemed a Material Change, and the provisions of **Article 16 (Material Changes)** shall be applicable.

## **ARTICLE 24. CONDITIONS BEYOND CONTROL OF THE PARTIES**

If a Party ("**performing party**") shall be unable to reasonably perform any of its obligations under this Contract due to acts of God, insurrections or riots, similar events, or causes beyond that party's control (collectively, "Event" or Events"), this Contract shall at the other party's option: (a) remain in effect but said performing party's obligations shall be suspended until the said Events shall have ended; or (b) be terminated upon ten (10) days notice to the performing party, in which event neither party shall have any further liability to the other, with the exception that ESCO shall be paid for all Work performed. Where the Contract is not terminated under this Article 24, an equitable adjustment shall be made to the Contract Sum, Implementation Period and to any other contract terms necessitated by the Event.

## **ARTICLE 25. TERMINATION FOR CONVENIENCE**

PMA may terminate this Contract, in whole or in part, during the Contract Term, for any reason, including, without limitation, the PMA's own convenience upon thirty (30) days written notice whenever PMA shall determine that such termination is in the best interest of PMA or the City. Any such termination shall be effected by delivery to ESCO of a notice of termination specifying the extent to which performance under this Contract is terminated either in whole or in part and the date on which termination becomes effective. Upon receipt of such notice of termination, ESCO shall stop all Work under the Contract. The Contract shall be equitably adjusted to compensate for such termination and the Contract modified accordingly. Failure to agree to any such adjustment shall be a dispute concerning a question of fact within the meaning of **Article 28 (Controversies and Dispute Resolution)** of this Contract. In all cases of termination under this Article 25, PMA shall compensate ESCO for all Work performed prior to receipt of the notice of termination. In no event, however, shall ESCO be paid for loss of anticipated profits on Work not yet performed.

## **ARTICLE 26. EVENTS OF DEFAULT**

26.1 **Events of Default by City.** Each of the following events or conditions shall constitute an "Event of Default" by PMA:

- (a) Any failure by PMA to pay any sum due for a period of more than sixty (60) days after written notification by ESCO that PMA is delinquent in making payment and provided that ESCO is not in default in its performance under the terms of this Contract; and/or
- (b) Any other material failure by PMA to perform or comply with the terms and conditions of this Contract, including breach of any covenant contained herein, provided that such failure continues for sixty (60) days after notice to PMA demanding that such failures to perform be cured or if such cure cannot be effected in sixty (60) days, PMA shall be deemed to have cured default upon the commencement of a cure within sixty (60) days and diligent subsequent completion thereof; and/or

- (c) Any representation or warranty furnished by PMA in this Contract that was false or misleading in any material respect when made.

26.2 **Events of Default by ESCO.** Each of the following events or conditions shall constitute an "Event of Default" by ESCO:

- (a) Abandonment of the Work set forth in the Contract;
- (b) Failure or refusal to supply a sufficient number of properly skilled workers and necessary equipment or either of them;
- (c) The standards of comfort and service set forth in **Schedule L (Standards of Comfort)** are not provided due to failure of ESCO to properly design, install, maintain, repair or adjust the Selected ECMs except that such failure, if corrected or cured within thirty (30) days after written notice by City to ESCO demanding that such failure be cured, shall be deemed cured for purposes of this Contract;
- (d) Any representation or warranty furnished by ESCO in this Contract is false or misleading in any material respect when made;
- (e) Failure to furnish and install all of the Selected ECMs and make them ready for use within the time specified by this Contract as set forth in **Schedule A (Selected ECMs to be Installed by ESCO)** and **Schedule D (ESCO Compensation and Payment Schedule)**;
- (f) Any other material failure by ESCO to perform or comply with the terms and conditions of this Contract, including breach of any covenant contained herein, provided that such failure continues for thirty (30) days after written notice to ESCO demanding that such failure to perform be cured, but, if corrected or cured within thirty (30) days after ESCO's receipt of such written notice such material failure shall be deemed cured for the purpose of this Contract.
- (g) The filing of a bankruptcy petition whether by ESCO or its creditors against ESCO which proceeding shall not have been dismissed within thirty (30) days of its filing, or an involuntary assignment for the benefit of all creditors or the liquidation of ESCO;
- (h) Failure by the ESCO to pay any amount due the City or perform any obligation under the terms of this contract or the Energy Savings Guarantee as set forth in **Schedule C (Energy Savings Guarantee)**; or
- (i) Repossession or removal of the Selected ECMs by ESCO or a third party without good cause.

## ARTICLE 27. REMEDIES UPON DEFAULT

27.1 **Remedies upon Default by City.** If an Event of Default by PMA occurs, ESCO may, without a waiver of other remedies that exist in law or equity, elect one or both of the following remedies:

- (a) Exercise any and all remedies available at law or in equity or other appropriate proceedings including bringing an action or actions from time to time for recovery of amounts due and unpaid by City, and/or for damages;
- (b) Without recourse to any legal remedies, terminate this Contract by delivery of a notice declaring termination.

27.2 **Remedies Upon Default by ESCO.** In the Event of Default by ESCO, PMA shall have the choice of one or more of the following remedies without waiving any other rights or remedies in law or equity:

- (a) Exercise any and all remedies available at law or in equity or other appropriate proceedings including bringing an action or actions from time to time for recovery of amounts due and unpaid by ESCO, and/or for damages;
- (b) Without recourse to any legal remedies, terminate this Contract by delivery of a notice declaring termination.

## ARTICLE 28. CONTROVERSIES AND DISPUTE RESOLUTION

### 28.1 **Claims.**

a. Except as otherwise provided in this Contract, the ESCO must use its best efforts to notify the Project Manager in writing of any and all claims whatsoever relating to or arising out of the Contract upon occurrence of the event giving rise to the claim or as soon as possible thereafter. The written notice of claim to the Project Manager shall provide a detailed statement of and basis for the claim, with supporting documentation attached. For purposes of this Article, a "claim" shall mean a demand or assertion seeking, as a matter of right, an adjustment or interpretation of the Contract, payment of money, extension of time or other specific relief with respect to the terms and conditions of the Contract. Within thirty (30) days after receipt of the ESCO's notice hereunder, the Project Manager will review all claims submitted by the ESCO and shall approve or reject each claim in whole or part, or shall request additional documentation in support of the claim from the ESCO and shall notify ESCO as to whether the claims are approved or rejected, in whole or in part.

b. PMA and the ESCO hereby release and waive any and all claims against each other for consequential damages arising out of or related to the Contract and the

Work performed thereunder. This mutual release and waiver includes damages incurred by the ESCO for principal home office expenses, including home office overhead and the compensation of personnel stationed there, for losses of financing, business, and reputation, and for loss of profit associated with any other work. Nothing hereunder shall preclude, however, the assessment of penalties, liquidated direct damages, or other damages as specifically provided for in this Contract.

c. Notwithstanding any other provision of this Contract, the aggregate liability in contract, tort or otherwise of ESCO, its officers, employees, agents, affiliates and subcontractors, shall in all cases be limited to the sum of the payments received by ESCO under to this Contract.

d. Relation to Judicial Legal Proceedings. Nothing in this Article shall operate to limit, interfere with or delay the right of either Party to commence judicial legal proceedings with respect to any subject matter arising out of this Contract.

## **ARTICLE 29. ASSIGNMENT**

29.1 **General.** ESCO acknowledges that PMA is induced to enter into this Contract by, among other things, the professional qualifications of ESCO. ESCO agrees that neither this Contract nor any right or obligations hereunder may be assigned in whole or in part to another firm, without the prior written approval of PMA, with the exception that ESCO may subcontract all or certain portions of the Work to the Subcontractors.

29.2 **Assignment by ESCO.** ESCO may, with prior written approval of PMA or the City, delegate its duties and performance under this Contract, and/or utilize Subcontractors, provided that any assignee(s), delegee(s), and/or utilization of Subcontractor(s) shall fully comply with the terms of this Contract. Notwithstanding the provisions of this paragraph, ESCO shall remain jointly and severally liable with its assignee(s) or transferee(s) to PMA and the City for all of its obligations under this Contract.

29.3 **Assignment by the City.** PMA may transfer or assign this Contract and its rights and obligations herein to a purchaser, landlord, tenant or subsequent owner of the Premises or an interest therein. PMA shall remain jointly and severally liable with its assignees or transferees to the ESCO for all of its obligations under this Contract.

## **ARTICLE 30. REPRESENTATIONS AND WARRANTIES**

Each Party warrants and represents to the other that:

- (a) It has all requisite power, authority, licenses, permits, and franchises, corporate or otherwise, to execute and deliver this Contract and perform its obligations hereunder;

- (b) Its execution, delivery, and performance of this Contract have been duly authorized by, or are in accordance with, its organic instruments, and this Contract has been duly executed and delivered for it by the signatories so authorized, and it constitutes its legal, valid, and binding obligation;
- (c) Its execution, delivery, and performance of this Contract will not breach or violate, or constitute a default under any other contract, lease or instrument to which it is a party or by which it or its properties may be bound or affected; or
- (d) It has not received any notice, nor to the best of its knowledge is there pending or threatened any notice, of any violation of any Applicable Laws which would materially and adversely affect its ability to perform hereunder.

#### **ARTICLE 31. ADDITIONAL REPRESENTATIONS OF THE PARTIES.**

31.1 PMA hereby warrants and represents that it has not entered into any leases or contracts with other persons or entities regarding the leasing of the Selected ECMs set forth **Schedule A (Selected ECMs to be Installed by ESCO)**, or for the provision of any energy management services in conflict with those set forth in **Schedule F (Measurement and Verification)** and **Schedule Q (ESCO's ECM Service Responsibilities)**. Upon written request, PMA shall cause the City to provide ESCO with copies of any successor or additional leases of energy efficiency equipment and contracts for management or servicing of the preexisting equipment identified **Schedule B (Description of Premises; Pre-Existing Equipment Inventory)** which may be executed from time to time hereafter within thirty (30) days after execution of this Contract.

31.2 ESCO hereby warrants, represents and promises that:

- (a) Before commencing performance of this Contract:
  - (1) It is or shall become licensed or otherwise permitted to do business in the Commonwealth.
  - (2) It has a City of Philadelphia Business Privilege License.
  - (3) It shall confirm that it and any of its Subcontractors to be employed in connection with any services rendered under the Contract and/or the parent company (ies) and subsidiary (ies) thereof, are not currently in default of the terms of any indebtedness to the City and,

to the best of its knowledge, will not at any time during the Contract Term (including any extensions or renewals thereof) be indebted to the City, for or on account of any delinquent taxes, liens, judgments, fees or other debts for which no written agreement or payment plan satisfactory to the City has been established. With respect to Subcontractors, ESCO will be deemed to have satisfied the requirements of this Section 31.2(3) so long as the following is included in each Subcontract:

"Subcontractor hereby certifies and represents that Subcontractor and Subcontractor's parent company(ies) and subsidiary(ies) are not currently indebted to the City and will not at any time during the term of ESCO's Agreement with PMA, including any extensions or renewals thereof, be indebted to the City, for or on account of any delinquent taxes, liens, judgments, fees or other debts for which no written agreement or payment plan satisfactory to the City has been established. 50.1 In accordance with the Philadelphia Code Section 17-1600 et seq., as it exists on the Effective Date, the City has established a requirement for Economic Opportunity Plan(s) (“EOP”) for this Contract. The EOP attached hereto as **Exhibit IV (Economic Opportunity Plan)** constitutes the entire EOP approved by the PMA and the Office of Economic Opportunity for this Contract. ESCO agrees to comply with and abide by the EOP attached to this Agreement as **Exhibit IV (Economic Opportunity Plan)**.

50.2 In accordance with Section 17-1402(f) of the Philadelphia Code, ESCO shall during the Term of the Contract, disclose the name and title of each City officer or employee who directly or indirectly advised the ESCO, any officer, director or management employee of the ESCO, or any person representing the ESCO that a particular Person could be used by the ESCO to satisfy any goals established in the Contract for participation of minority, women, disabled or disadvantaged business enterprises. ## ARTICLE 51 APPROVALS BY PMA AND CITY; ENFORCEMENT BY CITY

51.1 **Approvals by City.** Except where the provisions of this Sublease explicitly require separate approvals by both PMA and the City, any approval granted by the City shall be deemed approval by PMA.

51.2 **Enforcement by City.** ESCO acknowledges and agrees that all of PMA’s rights and remedies under this Contract may be exercised and/or enforced directly by the City. Wherever this Contract requires the approval of both PMA and the City, ESCO may submit the matter requiring such approval simultaneously to PMA and the City.

51.3 **Approval Not a Guarantee or Warranty.** PMA’s or City’s review, approval or acceptance under this Contract of plans and specifications and any other document, work, matter, or thing, shall not constitute a representation, warranty or guaranty by PMA or City as to the substance, accuracy, or quality of such document, matter, or thing. At all times, ESCO, its officials, officers, employees, agents, contractors and subcontractors, must each use their own independent judgment as to the substance, accuracy and quality of all such documents, work, matter, and other things.

51.4 **Approvals Under Applicable Law.** No consent, approval, or agreement of the City or PMA under this Contract shall be deemed a consent, approval or agreement of any City board, agency, department, or commission whose consent, approval, or agreement is or may be required under Applicable Law, including but not limited to the City of Philadelphia Department of Licenses and Inspections, the Fairmount Park Commission, the City of Philadelphia Historical Commission, and the City of Philadelphia Art Commission. The decisions of any City board, agency, department or commission required under Applicable Law regarding any matter arising under this Contract shall be governed solely by Applicable Law.

Any forbearance by a Party in seeking a remedy for any noncompliance or breach by the other Party shall not be deemed to be a waiver of rights and remedies with respect to such noncompliance or breach.

52.4 **Further documents.** The Parties shall execute and deliver all documents and perform all further acts that may be reasonably necessary to effectuate the provisions of this Contract.

52.5 **Order of Precedence.** If any conflicts or discrepancies should arise in the terms and conditions of this Contract or the interpretation thereof and the attached Schedules and Exhibits, the terms of this Contract shall control.

the laws of the Commonwealth without regard to the choice of law doctrine theory. Any suit brought to enforce any of the rights and obligations under this Contract shall be brought in the state or federal court situated in Philadelphia, Pennsylvania.

52.7 **Severability.** In the event that any clause or provision of this Contract or any part thereof shall be declared invalid, void, or unenforceable by any court having jurisdiction, such invalidity shall not affect the validity or enforceability of the remaining portions of this Contract unless the result would be manifestly inequitable or unconscionable.
